Good afternoon,

As a parent of a 6-year-old and 4-year-old in the district, I would like to voice my support for an indoor masking order to begin the school year. School board members have all of the facts and data from KT so I don't feel the need to reiterate any information. I personally believe that masking was an important mitigation strategy that helped keep our schools open last year. With the current COVID activity level in our county, I would like to see the masking order put in place until we are back to lower levels of activity. I want my children to have the best learning environment possible, and I believe that in-person instruction is the best learning model, especially for young children. Let's keep kids in school and implement strategies that have been proven to work.

Sincerely,  
Mandy Colby
