

"Dedicated to preparing ALL students to become lifelong learners, caring individuals, and responsible citizens."

September Highlight on Youth

Menomonie High School

- Freshmen at MHS were welcomed to the building by the MHS staff on 8/31 and then participated in a variety of activities led by our Junior and Senior Link Leaders.
- The Advanced Animal Science courses recently participated in a Farm Lab at Alfalawn Farm to study a wide variety of topics through field work.
- Hayleigh Husby and Anna Imsande were recently recognized as National Merit Semi-Finalists. This is a huge accomplishment and a testament to their hardwork and dedication to academics.
- All of the fall athletics and many of our activities at MHS are fully underway. These are great opportunities for our students to showcase their skill and knowledge outside of the classroom.

Menomonie Middle School

Community-Opportunities-Relationships-Expectations

8th grade students met this summer for leadership training

8th grade CORE students led tours at 6th grade orientation

CORE mentors join 6th grade CARES twice a month

Downsville Elementary School

District Math Coach Michelle Dupree visited our third graders for several days. She taught them skills to use for Number Talks and had a Math Talk with them. She also taught the students some fluency games including dominating doubles, gumball math, race to 100, and math war.

Knapp Elementary School

- We welcomed our families back on our Meet and Greet Day. Pictures of our students with their families are displayed in our building.
- Students planted vegetables in our garden last spring, and at our all school meeting, everyone learned about what grew over the summer. The vegetables were then served on the garden bar to students for lunch during the week.
- 5th graders received training to take on the role of being crossing guards at the end of the day.

Oaklawn Elementary School

Oaklawn's 70+ kindergarten students are mastering daily routines this week. Today was a very busy day. It was their first library visit to check out books. They also used their chromebooks to take the STAR Early Literacy assessment.

River Heights Elementary School

River Heights has begun the 2022-2023 school year focused on consistent routines, high expectations, and building community. Our first in-person all-school meeting in over two years was a success, and is a perfect example of the great work being done by our students and staff!

Wakanda Elementary School

- Students were welcomed at Wakanda Elementary's Meet and Greet Day with a candid photo booth this year! Families were able to take photos of their students to commemorate the day!
- Students and staff gathered together for our first PBIS all-school assembly.
- We utilized the book The Crayon Box that Talked to learn about how each student is unique and special and also an important piece to our Wakanda community as we are better together.
- Each grade level dressed in a different color to create a colorful rainbow to celebrate our school community!
