Originator Name: Angela Skillings

Requested Agenda Item: Discussion of origination of Gender Support Plan

Purpose of Agenda Item: (Examples may include: Informational or briefing [e.g. Receiving numerous emails on subject]; Proposed Policy Change; Scoping-breakdown a plan; Problem solving-Risk/Issue/Challenge; Status-Revisit commitments).

This topic has been addressed at every meeting by a constituent. As I am newer to the board following the adoption of our Gender Support Plan, it would be beneficial to understand why the plan at length was adopted. Much of it is repetitive. Several times it includes lack of parental involvement.

We already have anti-harassment and bullying policies that cover Title 9.

Additionally, FERPA from what I read, includes parental involvement and access to records until the student is of age 18. Our Gender Support Plan as it stands, removes parental involvement without regard to age.

Statement: “Assisting our students with gender related transitions is vital to the success of our district.” What qualifications do we have as a district to assist with gender related transitions? Especially when we are not including the parents.

The participation in Sports should default to the WIAA rather than the existing verbiage.
