

Conservationists, if you're outraged over:

- The open pit mining law that exempts new mines from water quality and quantity protections, and removes meaningful citizen participation from the process.
- Republican Senator Tom Tiffany's attempt to prevent local municipalities from regulating sand mines.
- A new Wisconsin DNR requirement to sell 10,000 acres of public land to private owners (developers?) by 2017.
- A Republican law that prohibits citizens from challenging applications for new high-capacity wells that could result in the depletion of groundwater.

Then, for all these reasons... please support Jeff Smith, 93rd Assembly candidate.

Conservationists can count on Jeff to be a strong environmental advocate, as evidenced by his 2009-2010 Assembly voting record when he achieved 100% on the Wisconsin League of Conservation Voters Scorecard. (Warren Petryk, Jeff's opponent, has a 33% lifetime WLCV score.)

Show your support for Jeff by attending the Conservation Rally on September 17th and by giving generously to his campaign.

Margo Miller

Treasurer, Chippewa Valley Sierra Club

**We deserve better leadership in our state government.
We deserve a representative who values people,
the environment, human rights, a living wage, access to
healthcare, and education.**

Please join us for a

Conservation Rally

for Jeff Smith

with Special Guest, Duke Welter

Wednesday, September 17, 6:00 – 8:00 PM

at

Simply Dunn
Home of Dunn County Pottery
E 4606 County Rd. C, Downsville, WI

An eight-sided, restored 19th century schoolhouse that is a space for arts and community. Located on the west side of the Creamery.

Enjoy good food, wine, and especially the company of passionate, activist conservationists.

Please RSVP to ellewolf1@hotmail.com or 715-835-4829.
